- Opportunity cost
- Recruitment and selection process
- Exchange rates
- Organisational structures
- Job share
- Sustainability
- Good customer service
- % change
- Commission
- Digital technology

Students should use their class notes from Year 9 and 10 to adequately prepare for their mock paper. They will have 1 Business Studies paper (1hr 45) that will test the above knowledge.

Students should also revise exam structure as they will need to be using this for longer answer questions.

Revision guides are available to purchase from the department for £5. Students should ask their class teacher if they wish to purchase one of these. We also have workbooks available that consist of exam style questions, which also cost £5. These are extremely beneficial to embed knowledge and exam structure.

If you have any further questions, please contact your child's class teacher or head of department, Miss Newnes on C.Newnes@alleynes.staff.sch.uk
